

## ► The Value Mindset

You Are Not Being Judged — You Are Being Assessed for Fit

**Interviews measure two things**

- + Can you add value to the role?  
(not "Are you perfect?")
- ⚙️ Can you communicate calmly under pressure?  
(not "Is your grammar perfect?")

### Interviewers look for:

✓ Someone they can trust

🌿 Someone who stays calm

👂 Someone who listens well

💬 Someone who explains simply

👥 Someone who aligns with the team

When you understand this, your anxiety drops immediately.
